Spine

Index to Volume 8
Numbers 1–8

Spine (ISSN 0362-2436) is published eight times a year by Harper & Row, Publishers, Inc., East Washington Square, Philadelphia, PA 19105. **Address for subscription information, orders or change of address:** (except Japan, India, Nepal, Bangladesh, and Sri Lanka) 2350 Virginia Avenue, Hagerstown, MD 21740. In Japan, contact Woodbell Scope, 11-11, Shoto 2-chome, Shibuya-ku, Tokyo 150 Japan. In India, Nepal, Bangladesh, and Sri Lanka contact Universal Subscription Agency Pvt. Ltd., 117/H-1/294-B, Model Town, Pandu Nagar, Kanpur-208 025, India. **Annual subscription rates:** U.S. $68.00 individual. $85.00 institution; all other countries except Japan, India, Nepal, Bangladesh, and Sri Lanka, $78.00 individual, $95.00 institution; special resident rate, $40.00 U.S. only; $50.00 Canada only. Single copies $12.00. Copies will be replaced without charge if the publisher receives a request within 60 days of the mailing date in the U.S. or within 5 months in all other countries. Printed in the U.S.A. © Copyright 1983 by Harper & Row, Publishers, Inc. Second class postage paid at Hagerstown, MD, and at additional mailing offices. **POSTMASTER: Send address changes to Spine, 2350 Virginia Avenue, Hagerstown, MD 21740.**

GENERAL INFORMATION

SPINE, issued bimonthly in one indexed volume per year, is published by the Medical Journals Division, HARPER & ROW, PUBLISHERS, East Washington Square, Philadelphia, PA 19105. Subscriptions should be addressed to the Fulfillment Department, Harper & Row, Publishers, Inc., 2350 Virginia Avenue, Hagerstown, MD 21740, payable in advance. Rates are $68.00 per year in the United States; $78.00 per year elsewhere, except Japan, India, Nepal, Bangladesh, and Sri Lanka. Special rates: Institutions: $85.00 per year in the United States; $95.00 per year elsewhere, except Japan, India, Nepal, Bangladesh, and Sri Lanka. Interns and residents: $27.00 per year in the United States only. Subscriptions begin with the first issue of the current volume, when available. Copies will not be replaced without charge unless a written request is received within 60 days of the mailing in the United States or within 90 days in all other countries. Single copies and back issues, when available, are supplied at $12.00 each. Reprints, except special orders of 100 or more, are available only from authors. Authorization to photocopy items for internal or personal use, or the internal or personal use of specific clients, is granted by Harper & Row, Publishers, Inc. for libraries and other users registered with the Copyright Clearance Center (CCC) Transactional Reporting Service, provided that the base fee of $00.80 per copy, plus $00.05 per page is paid directly to CCC, 21 Congress St., Salem, MA 01970. 0362-2436/83 $00.80 + $00.05. Business communications should be addressed to the publisher. Advertising inquiries should be addressed to Pharmaceutical Media, Inc., 59 East 54th Street, New York, NY 10022.

STATEMENT OF OWNERSHIP, MANAGEMENT AND CIRCULATION (Required by 39 U.S.C. 3685)

1a. Title of Publication: Spine
1b. Publication no. 307760
2. Date of filing: October 1, 1983
3. Frequency of issue: 8 times per year
3a. No. of issues published annually: 8
3b. Annual subscription price: $68.00
4. Complete mailing address of known office of publication: 2350 Virginia Avenue, Hagerstown, MD 21740
5. Complete mailing address of the headquarters of general business offices of the publisher: East Washington Square, Philadelphia, PA 19105
6. Full names and complete mailing address of publisher, editor, and managing editor: Publisher: Harper & Row Publishers, Inc., East Washington Square, Philadelphia, PA 19105; Editor: Henry LaRocca, M.D., 4938 Prytania Street, New Orleans, LA 70115; Managing Editor: Deborah A. Finch, East Washi gton Square, Philadelphia, PA 19105.
7. Owner: Harper & Row Publishers, Inc., 10 East 53rd Street, New York, NY 10022.
8. Known bondholders, mortgagees, and other security holders owning or holding 1 percent or more of total amount of bonds, mortgages or other securities: Cede & Co–M, P.O. Box 20, Bowling Green Sta., New York, NY 10004; Cede & Co., Box 20 Bowling Green Sta., New York, NY 10004; Harper & Row Publishers, Inc., 10 East 53rd St., New York, NY 10022; Steere & Co., % Girard Bank, Trust Dept., P.O. Box 7334, Philadelphia, PA 19101; Fidelity Philadelphia Tr. Co., Trustee Estate of Walter Lippincott, Philadelphia, PA 19101; Margaret R. Mertz, 2150 Ibis Isle Road, Palm Beach, FL 33480; Saxon & Co., % Provident National Bank, 1632 Chestnut St., Philadelphia, PA 19101; Cass Canfield Jr., & Bernard F. Joyce Tr UA Nov 19 53, % Emmet Marvin & Martin, 48 Wall St., New York, NY 10005; Kray & Co., % Midwest Stock Exchange, Clearing Corporation, 120 S. La Salle St., Chicago, IL 60603; Emma Lucile Cullen, 172–70 Highland Ave., Apt 8D, Jamaica Estates, Jamaica, NY 11432; Philadep & Co., 1900 Market Street, 2nd Floor, Philadelphia, PA 19103, Pacific & Co., P.O. Box 7625, San Francisco, CA 94120; Murray R. Spiegel, 39 Willys Street, East Hartford, CT 06108, Calder & Co., % Bank of Nova Scotia, New York Agency, 67 Wall St., New York, NY 10005; Marjorie Guttag, % Kaufman Alsberg & Co., 61 Broadway, New York, NY 10006; Marjorie S. Isaac, P.O. Box 456, Tuckahoe, NY 10707; Mrs. Jeanne Kanders, 2 Shepard Place, Convent Station, NJ 07961; Ralph Kanders, 20 Trinity Place, Montclair, NJ 07042; Winthrop Knowlton, 10 East 53rd Street, New York, NY 10022; CEDE & Co., % The Depository Trust Company, P.O. Box 20, Bowling Green Station, New York, NY 10274.
10. Extent and nature of circulation:

	Average no. copies each issue during preceding 12 months	Actual no. copies of single issue published nearest to filing date
Total no. copies	7,017	7,200
Paid circulation		
Sales through dealers and carriers, street vendors and counter sales	—	—
Mail subscriptions	6,052	6,294
Total paid circulation	6,052	6,294
Free distribution by mail, carrier or other means samples, complimentary, and other free copies	219	277
Total distribution	6,271	6,571
Copies not distributed		
Office use, left over, unaccounted, spoiled after printing	746	629
Return from news agents	—	—
Total	7,017	7,200

11. I certify that the statements made by me above are correct and complete.

Joseph W. Lippincott III, Circulation Manager

SUBJECTS AND TITLES

A

Abnormalities of aggregation, thromboxane A_2 synthesis and ^{14}C serotonin release in platelets of patients with idiopathic scoliosis, Floman Y, Liebergall M, Robin GC, Eldor A, 236

Acrylic cement
in anterior cervical fixations, 717
in posterior cervical fusions, 368

Acupuncture, electrical, in low-back pain, 625

Amitriptyline and chronic low-back pain: A randomized double-blind crossover study, Pheasant H, Bursk A, Goldfarb J, Azen SP, Weiss JN, Borelli L, 552

Amount of bone mineral and Schmorl's nodes in lumbar vertebrae, Hansson T, Roos B, 266

Analysis of posture and gait following spinal fusion with Harrington instrumentation, Wasylenko M, Skinner SR, Perry J, Antonelli DJ, 840

Anatomic study of the interrelation between lumbosacral nerve roots and their surrounding tissues, Hasue M, Kikuchi S, Sakurama Y, Ito T, 50

Anatomy and significance of fixation of the lumbosacral nerve roots in sciatica, Spencer DL, Irwin GS, Miller JAA, 672

Anomalies of the lumbosacral nerve roots: Review of 16 cases and classification, Neidre A, Macnab I, 294

Anterior cervical plate, Gassman J, Seligson D, 700

Anterior decompression of the spinal cord for neurological deficit, Johnson JR, Leatherman KD, Holt RT, 396

Anterior intervertebral disc excision and bone grafting in cervical spondylotic myelopathy, Zhang Z-H, Yin H, Yang K, Zhang T, Dong F, Dang G, Lou S-Q, Cai Q, 16

Anterior spinal cord decompression for lesions of the thoracic and lumbar spine, techniques, new methods of internal fixation results, Kostuik JP, 512

Apophyseal joints, lumbar
loading affecting, 331
mechanical function of, 327

Application of pelvic pins in halo-pelvic distraction: An anatomic study, Kostuik J, Tooke M, 35

Arachnoiditis ossificans: A case report diagnosed with computerized axial tomography, Dennis MD, Altschuler E, Glenn W, Wiltse LL, 115

Arachnoiditis, spinal
clinical findings in, 538
experimentally induced, 541
spinal cord stimulation in, 593

Assessment of abdominal and back extensor function: A quantitative approach and results for chronic low-back patients, Smidt G, Herring T, Amundsen L, Rogers M, Russell A, Lehmann T, 211

Asymmetrical facet joints: Another cause for the sclerotic pedicle, Downey EF Jr, Nason SS, Majd M, McSweeney WJ, 340

Atlantoaxial rotary fixation: Report of a case with massive displacement, Akbarnia BA, Vafaie M, 907

Atlas, aplasia of
bilateral, fusion in, 558
os odontoideum with, 107
trauma in, 225

Axial loading
and fatigue response of lumbar joints, 857
and vertebral end-plate deformation, 851

Axis
neural arch fracture in locked facet syndrome, 365
spondylolysis of, D-15

B

Back pain. *See* Low-back pain

Bending axis, in flexion and extension of lumbar discs, 659

Bilateral laminotomy and discectomy for segmental lumbar disc disease: Decompression with stability, Herron LD, Pheasant HC, 86

Bilateral partial aplasia of the atlas: Definitive treatment by bilateral anterior C1-C2 buttress fusion, Jacobs RR, Rhoades CE, 558

Biochemistry of proteoglycans, 378

Biomechanical analysis of canine intervertebral discs after chymopapain injection: A preliminary report, Wakano K, Kasman R, Chao EY, Bradford DS, Oegema TR, 59

Biomechanical analysis of posterior cervical fusions using polymethylmethacrylate as an instantaneous fusion mass, Whitehill R, Reger S, Weatherup N, Werthmuller C, Bruce J, Gates P, Rollins G, 368

Biomechanics
behavior of intervertebral discs, 151
and bending axis positions, 659
chymopapain affecting, 59
in leg length inequality, 643
load-bearing characteristics of lumbar facets, 122
of lumbar apophyseal joint function, 327
of lumbar intervertebral foramen, 348
lumbar and pelvic movements in walking, 199
of lumbar spine posterior elements, 326
in pseudarthrosis with posterior spinal fusion, 31

Biomechanics of the posterior elements of the lumbar spine, Andersson GBJ, 326

Bone
fragments in spinal canal, computed tomography of, 181
grafts in vertebral body reconstruction, 406
mineral content of, and Schmorl's nodes in lumbar vertebrae, 266

Boston brace in scoliosis, 388, 846

Boston brace in thoracic scoliosis: A preliminary report, Laurnen EL, Tupper JW, Mullen MP, 388

Brace
Boston, in scoliosis, 388, 915
Milwaukee, and spinal decompensation in scoliosis, 385

Burst fractures, thoracolumbar, 817

C

Calcified chronic spinal subdural hematoma demonstrated by computed tomography, Rieth KG, Quindlen EA, 812

Calcitonin treatment for neurogenic claudication, Porter RW, Hibbert C, 585

Canal diameter, anteroposterior compression ratio, and spondylotic myelopathy of the cervical spine, Ogino H, Tada K, Yamamoto T, Ono K, Namiki H, 1

Carcinoma metastasis to spine, electromyography in, 109
Letters, 440

Cardiovascular disease, and low-back pain, 277

Cement
in anterior cervical fixations, 717
in posterior cervical fusions, 368
Cerebral palsy spines, proteoglycan biochemistry in, 378
Cervical intraextradural hematoma secondary to radicular artery injury: A case report, Sabshin JK, Apuzzo MLJ, Ahmadi J, 807
Cervical spine
anterior plate for fusion of, 700
atlantoaxial fusion for os odontoideum, 107
atlantoaxial rotary fixation, 907
bilateral aplasia of atlas, 558
cements for
in anterior fixations, 717
in posterior fusions, 368
compression fractures with hidden spinal instability, 687
intraextradural hematoma after radicular artery injury, 807
locked facet syndrome with neural arch fracture, 365
manipulation for pain in, *Letters,* 345
microcervical foraminotomy, 708
open-door laminoplasty for canal stenosis, 693
spondylosis of
anterior fusion in, 16
of axis, 901
canal diameter and anteroposterior compression ratio in, 1
trauma of
in aplastic atlas, 225
and meningitis from retropharyngeal abscess, 438
neural arch fracture of axis in locked facet syndrome, 365
Cervicothoracic fracture-dislocations, 910
Chemonucleolysis
chymopapain in
activity affected by radiopaque fluids, 875
and biomechanical changes in discs, 59
lumbar, collagenase in, 322
Chordoma, 802
thoracic, 781
Chordoma, Hansen PH, Rasmussen LB, 802
Chylothorax, management of, 787
Chymopapain
activity affected by radiopaque fluids, 875
and biomechanical changes in discs, 59
Cisterna chyli in orthopaedic surgery, Probst-Proctor SC, Rinsky LA, Bleck EE, 787
Claudication, neurogenic, calcitonin in, 585
Clinical symptoms and biomechanics of lumbar spine and hip joint in leg length inequality, Friberg O, 643
Collagenase, in lumbar intervertebral discolysis, 322
Comparative strengths of various anterior cement fixations of the cervical spine, Wang G-J, Lewish GD, Reger SI, Jennings RL, Hubbard SL, McLaurin CA, Stamp WG, 717
Comparison of the biochemistry of proteoglycans isolated from normal, idiopathic scoliotic and cerebral palsy spines, Oegema TR Jr, Bradford DS, Cooper KM, Hunter RE, 378
Comparison of segmental spinal instrumentation devices in the correction of scoliosis, Ogilvie JW, Millar EA, 416
Comparison of sonography and myelography in clinically suspected spinal stenosis, Asztély M, Kadziokla R, Nachemson A, 885
Compression fractures
cervical, hidden spinal instability in, 687
thoracolumbar, 817
Compression loads, in lumbar posterior elements, 331, 338
Compression stresses in the posterior elements and pathologic consequences, Jayson MIV, 338
Computed tomographic demonstration of spinal metastases, Braunstein EM, Kuhns LR, 912
Computed tomography
in arachnoiditis ossificans, 115
of bone fragments in spinal canal, 181
of calcified subdural hematoma, 812
in cervicothoracic fracture-dislocations, 910
and cryomicrotomy of lumbar spine segments, 170
in diastematomyelia and scoliosis, 111
in lumbar disc herniation, 300
and normal diameters of lumbar vertebral canal, 187
in spinal metastases, 912
in spine infections, 358
in thoracolumbar injuries, 817
in crush-cleavage fracture, 559
Computed tomography of bone fragments in the spinal canal: An experimental study, Lindahl S, Willen J, Irstam L, 181
Computed tomography and cryomicrotomy of lumbar spine segments: A new technique for multiplanar anatomic correlation, Rauschning W, 170
Computer-aided diagnosis of lumbar disc herniation, Hudgins WR, 604
Congenital absence of the thoracic pedicle: A case report, Strauss ED, Kahanovitz N, Ghelman B, 48
Correction of spinal curvatures by transcutaneous electrical stimulation, Axelgaard J, Nordwall A, Brown JC, 463
Cortical evoked responses
in spinal cord injuries, 832
temperature affecting, 443
Crush-cleavage fracture: A "new" thoracolumbar unstable fracture, Lindahl S, Willen J, Nordwall A, Irstam L, 559
Cryomicrotomy, and computed tomography of lumbar spine segments, 170
CT in the evaluation of spine infection, Brant-Zawadzki M, Burke VD, Jeffrey RB, 358

D

Decompensation, spinal, in scoliosis, brace treatment affecting, 385
Decompression
anterior, in neurologic deficits, 396, 406, 512
cervical, open-door laminoplasty in, 693
and laminotomy in lumbar disc disease, 86
in nerve root compression in lumbar scoliosis, 261
posterior, lumbar instability after, 429
in spinal metastases of liposarcoma, 228
Deformation of the vertebral end-plate under axial loading of the spine, Brinckmann P, Frobin W, Hierholzer E, Horst M, 851
Depression in low-back pain, amitriptyline in, 552
Developmental segmental sagittal diameter of the cervical spinal canal in patients with cervical spondylosis, Edwards WC, LaRocca H, 20

Diastematomyelia and scoliosis, Giordano GB, Cerisoli M, 111
Disability ratings, in low-back pain, 75, 141, 308
Disc conditions
and bending axis during flexion and extension, 659
biomechanics in, 151
pressure standardized lumbar discography of, 166
chymopapain in
activity affected by radiopaque fluids, 875
biomechanical changes from, 59
and collagenase in lumbar discolysis, 322
and complications from knee-elbow position in surgery, 897
computed tomography in lumbar herniations, 300
computer-aided diagnosis of, 604
dynamic loading as source of, 652
and long-term results of anterior lumbar fusion, 793
low-back pain in. *See* Low-back pain
and motion affecting disc nutrition, 866
posture affecting fluid content in, 665
power measurement of extensor hallucis longus in, 206
and resection in cervical myelopathy, 16
in spinous process deviation, 342
treatment of ruptured lumbar discs, 131
Discectomy, and bilateral laminotomy, in lumbar disc disease, 86
Discography, lumbar
and contrast media affecting chymopapain activity, 875
of intercrestal line position, 305
pressure standardized, 166
DISH syndrome, lumbar spinal stenosis with, *Letters,* 918
Double lumen sign as demonstrated by computerized tomography in spine dislocation, Boynton LW, Kalb R, 910
Dynamic loading as a possible source of low-back disorders, Sandover J, 652

E

Early isolated paraspinal EMG abnormalities in occult carcinoma with spinal metastases: A case report, Soovere I, 109
Effect of diagnostic radiopaque fluids used in discography on chymopapain activity, Naylor A, Earland C, Robinson J, 875
Effect of Harrington instrumentation on the sagittal configuration and mobility of the spine in scoliosis, Aaro S, Öhlén G, 570
Effect of lumbar flexion and Boston thoracic brace on the curves in idiopathic scoliosis, Udén A, Willner S, 846
Effect of the Milwaukee brace on spinal decompensation in idiopathic scoliosis, Rudicel S, Renshaw TS, 385
Effect of posture on the fluid content of lumbar intervertebral discs, Adams MA, Hutton WC, 665
